UX UI Design, Front End Development (Html, Css, Js, Nextj.JS, Astro, Tailwind),
Motion graphic animations, 3D rendering, Graphic design, Photography, Video editing.

Experience

Freelance 360° Web Projects 2019 - Present

Over the years, I have worked with various clients on web design and development projects, primarily in the construction and real estate industries. I have also frequently collaborated on projects in niches such as wellness, music and audio production, and non-profit organizations.

In-House web designer and developer

Grupo Tarrazo October 2024 - Present

I am responsible for the design and development of the company's brand websites, overseeing the entire process from planning to coding and deployment. I also assist in the creation of motion graphic animations for advertising purposes and in the development of brand guidelines.

Motion graphics animator and web designer

Mueve Flore Studio March 2024 - September 2024

I was responsible for designing and developing websites for the studio's clients. I also worked on graphic design tasks, which were often used to create motion graphic animations.

Web designer, developer and 3D architecture renderist

Portier SRL & Capiment 2020 - Present (Freelance client)

Since 2020, I have been closely involved in the digital transformation of these companies, creating websites tailored to their specific stage of growth. Simultaneously, I have been producing 3D renderings to showcase their architectural projects.
